STATEWIDE CURRENT SITUATION: The Texas State Operations Center has again, activated for continued wildfire response operations, Monday, 28 March, 2022 at 8:00 AM. The state continues to respond to several large wildfires including the Eastland Complex, the Crittensburg Complex (Fort Hood, Bell, and Coryell Counties) and Das Goat (Medina County). [Texas A&M Forest Service \(TAMFS\)](#) received 15 new requests for assistance with fire suppression operations on Monday. Elevated to Critical Fire Weather Conditions are forecasted from Far West Texas to the Permian Basin to Texas Panhandle. There is also Extreme Fire Weather Conditions forecasted for the Northern Texas Panhandle counties.

[On March 27, Governor Abbott amended the Disaster Declaration, adding Medina County.](#)

On March 21, Governor Abbott amended the Disaster Declaration, adding Blanco, Erath, Hood, Runnels, and Starr counties.

On March 18, Governor Abbott issued a Disaster Declaration due to an imminent threat of widespread or severe damage, injury, or loss of life or property in Brooks, Brown, Coleman, Comanche, Eastland, Grayson, Mason, Potter, Randall, and Williamson Counties.

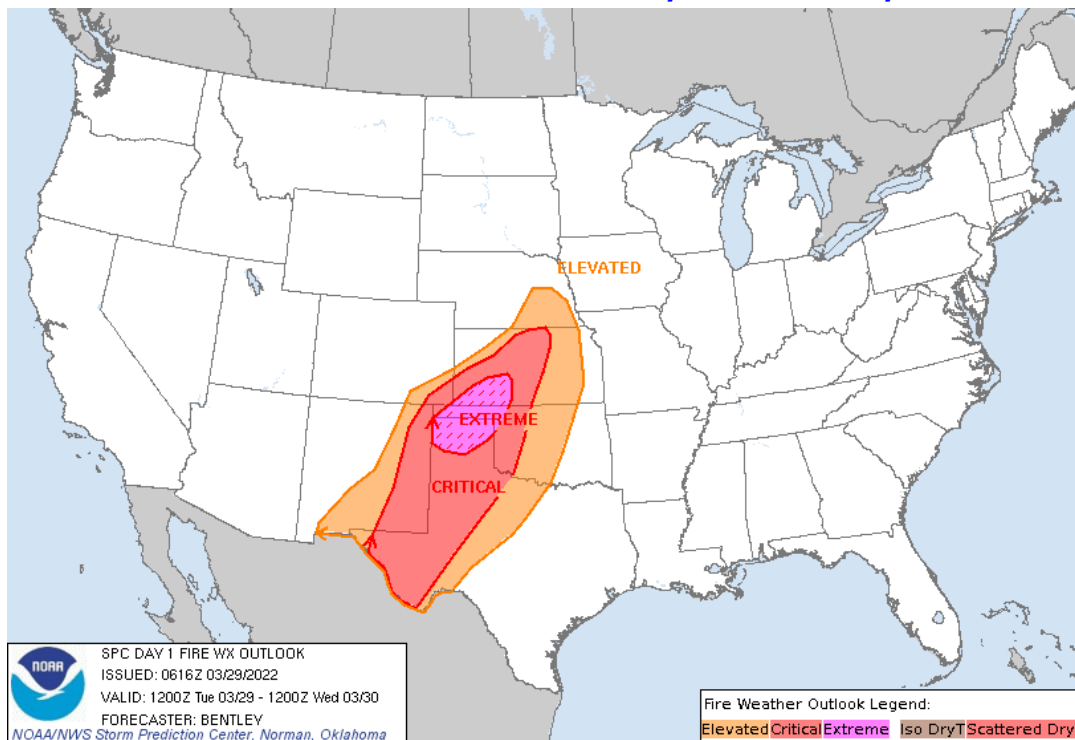

On March 16, Governor Abbott directed the Texas Division of Emergency Management (TDEM) to activate additional state resources as escalated fire weather conditions continue to impact the state this week. In addition, the Texas State Emergency Operations Center (SOC) is increasing readiness to Level II: Escalated Response for Critical Fire Weather Conditions. Representatives from key state agencies belonging to the Emergency Management Council reported to the SOC on Thursday, March 17 at 7:00 AM CT to assist in the state's response to fire weather conditions.

On March 15, Governor Abbott directed TDEM to mobilize state resources as Texas faces increased fire weather conditions this week. The National Weather Service warns high winds and low relative humidity has created heightened risk for wildfires in the western half of the state.

WEATHER:

NWS Fire Weather Outlook Valid: 6AM 3/29 to 6AM 3/30.

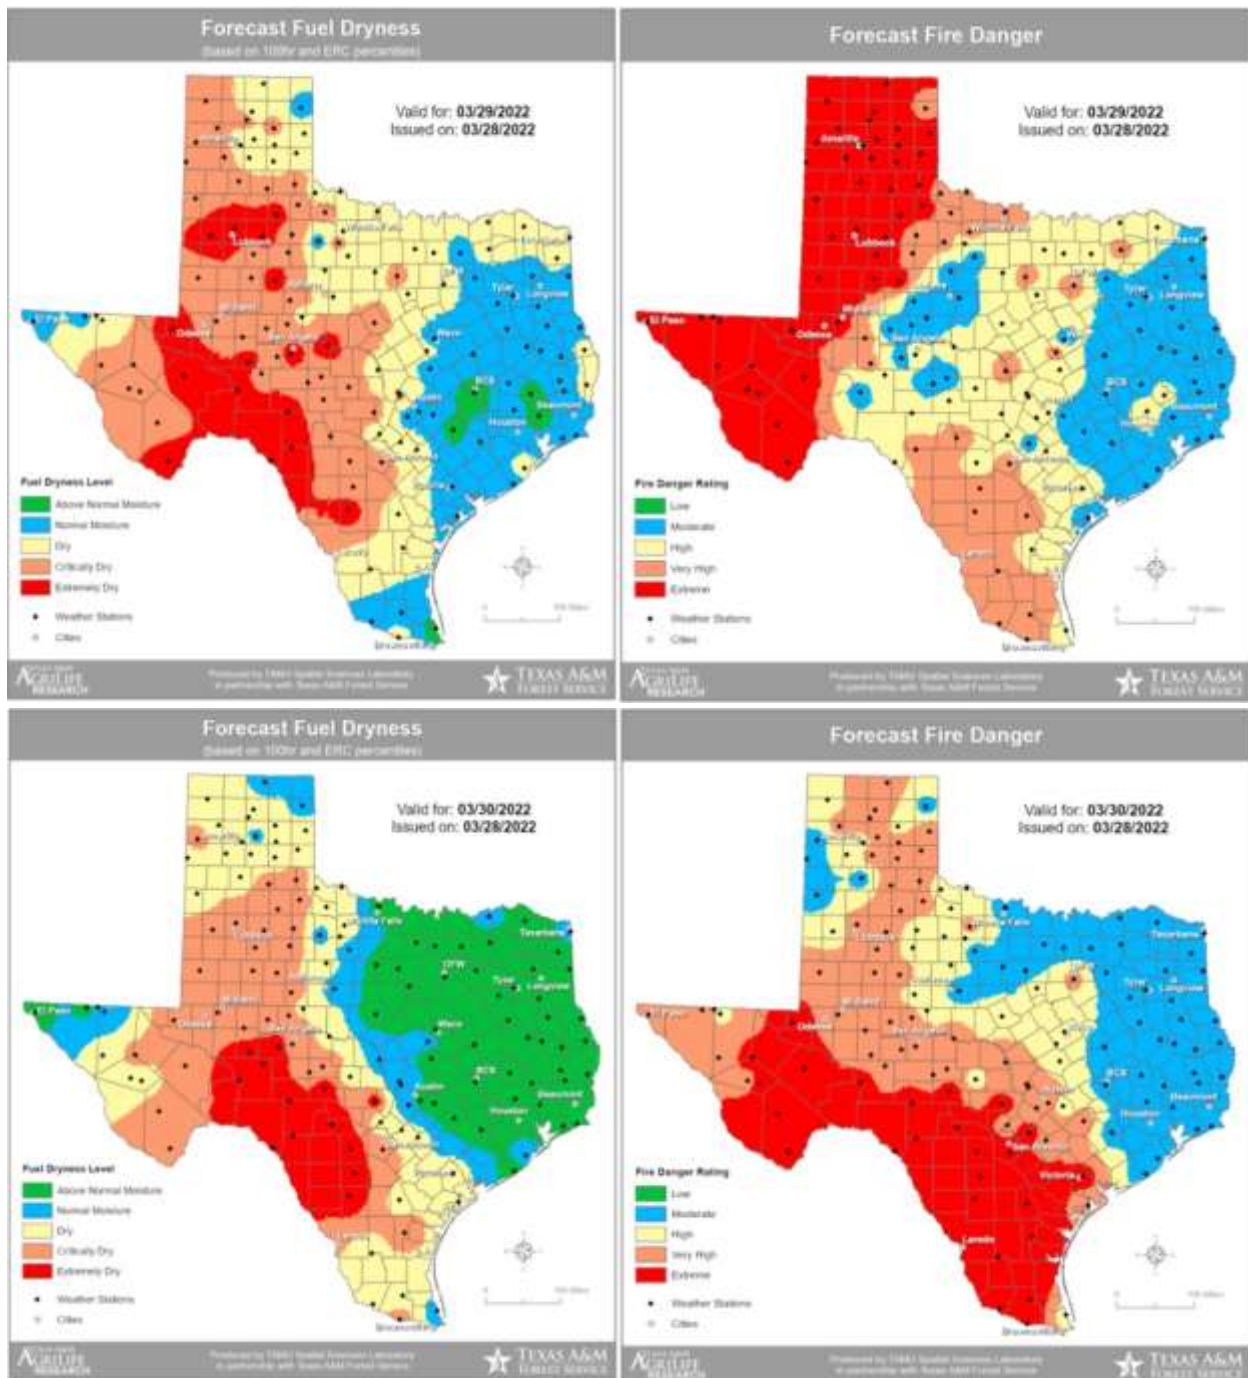

Day 1 Fire Weather Outlook: ...A Significant Wildfire Outbreak is Likely Across the Southern High Plains...

A strong upper-level jet streak will advance from the Southwest into the southern High Plains today. The core of this jet streak will extend from southeast New Mexico into southwest Kansas this afternoon with 500mb flow from 70 to 90 knots. In addition, a strong surface low will deepen across western Kansas and move into northern Kansas by this evening. This surface low will lead to strong surface winds in excess of 20 mph for most of the southern and Central Plains. Even stronger winds are expected beneath this mid-level jet streak. This jet streak will clear any residual cloud cover as it ejects into the Plains, which will allow for strong surface heating at the surface. The environment across the TX Panhandle has very poor relative-humidity recovery this morning and the airmass remains well mixed. Therefore, it won't take much heating for very deep mixing to occur and for some of this stronger flow to reach the surface. Sustained winds in excess of 30 mph may begin by mid-morning with increasing winds and lowering relative humidity through the day. By the afternoon, a broad region of 12 to 18 percent relative humidity and sustained winds of 35 to 40 mph with gusts 65 to 70 mph are expected from the Texas Panhandle into central Kansas. Extremely critical meteorological conditions will likely extend as far as north-central Kansas, but fuels are somewhat less favorable with northern and eastern extent.

Expanded the elevated delineation as far east as 40 to 45 percent relative humidity. Despite the higher relative humidity, winds will be sustained 25 to 30 mph. Numerous fires have occurred in the past 48 hours, indicating fuels are sufficiently dry for large fire spread.

A cold front will move through the extremely critical area between 06 and 10Z, which will lead to a 90-degree wind shift from southwest to northwest. This will likely have a significant impact on any ongoing fires, especially considering sustained winds of 25 to 30 mph are expected in the post-frontal airmass.

RESPONDING STATE AGENCIES/ORGANIZATIONS REPORTS

Texas Division of Emergency Management (TDEM) – Regional staff have been deployed to impacted areas to assist local officials in damage assessment and identification of needs. The SOC continues to facilitate information sharing and the coordination of response and recovery operations.

TDEM Communications Coordination Group (CCG): ESF 2 is assessing possible requirements to support Eastland County and other areas heavily impacted by the wildfires. Communications platforms are being identified for possible support if required.

TDEM Disaster Recovery Task Force (DRTF): DRTF Staff continue to support mass care at the SOC. [HQ Staff remain in Eastland supporting the ICP. Regional coordinators are in their home regions performing damage assessment training and supporting local jurisdictions affected by the severe weather and wildfires.](#)

Mass Care: American Red Cross (ARC) is supporting multiple shelters for the wildfires and severe weather. Distributing emergency supplies, shelf stable meals, and supporting feeding partners. ARC is providing casework in Eastland for all affected by the wildfires and performing damage assessments in all affected areas. Providing recovery planning and assistance starting today to those residents impacted by severe weather. [Overnight there were two shelters, one with population of seven and the other with zero.](#)

State Voluntary Agency Liaison (VAL): [Disaster non-profits and Voluntary Organizations Active in Disasters are actively deployed and supporting jurisdictions from this severe weather event in TDEM Regions 1, 2, 5 and 6. Activities for this event to include but not limited to disaster cleanup, heavy equipment and chainsaw teams, supply distribution, feeding and sheltering operations, emotional and spiritual care for communities and first responders, technology support, donations, and volunteer management. Planning meetings between local jurisdictions and disaster nonprofits for establishing Multi Agency Resource Centers are ongoing.](#)

Texas A&M Agrilife Extension Service (Agrilife): The Texas A&M AgriLife Extension Service is maintaining situational awareness of the evolving wildfire incidents across the state. [Four Extension DAR and County Strike Team Members continue to work intake and distribution of feed, hay, fencing and animals at the Eastland County Animal Supply Points.](#)

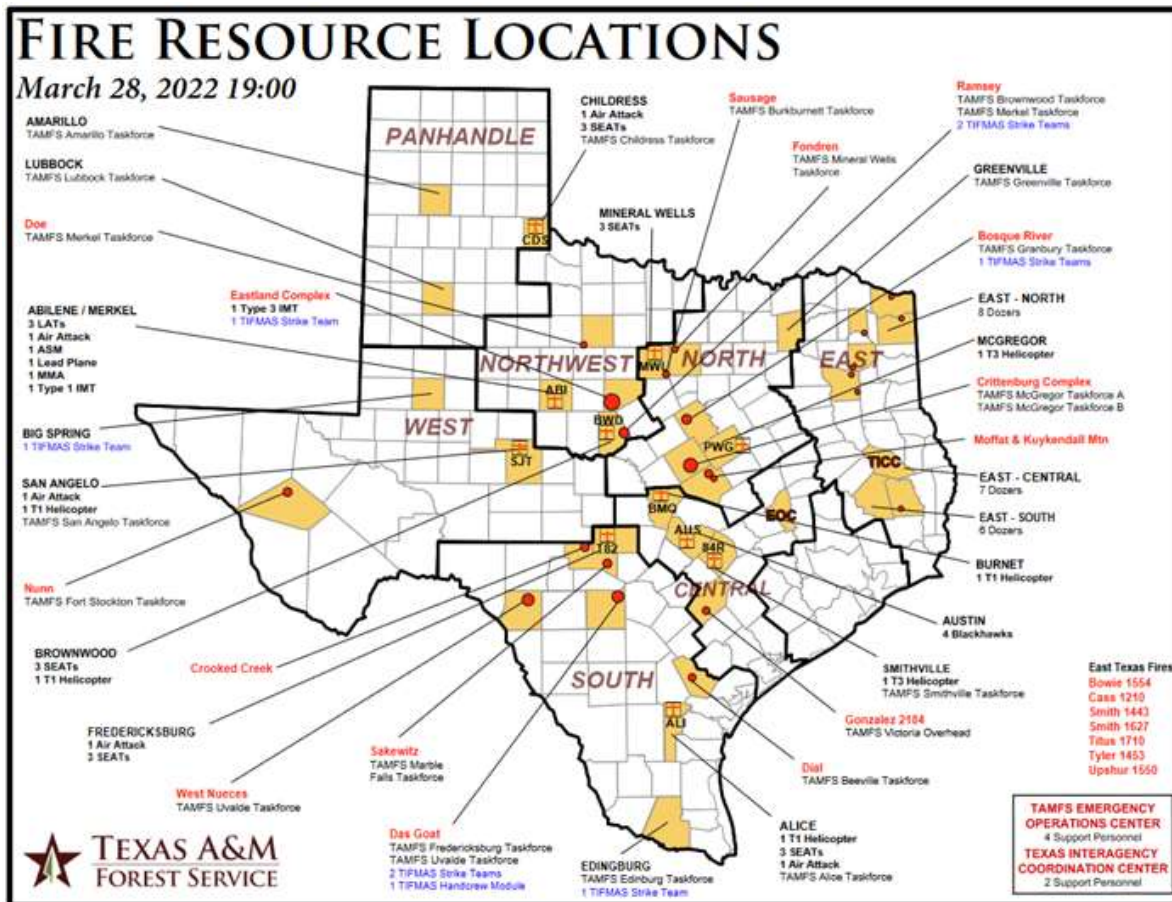

Below are numbers from AgriLife Extension and local jurisdictions on March 27:
Commodities received: 28 round bales of hay, 960 bags (48,000 lbs) of cattle cubes, 4 bags (200 lbs) of horse feed.

Commodities distributed: 38 round bales of hay, 1,070 bags (53,500 lbs) of cattle cubes, 120 bags (6,000 lbs) sweet feed, 1 protein tub.

Texas A&M Engineering Extension Service (TEEX)/Texas A&M Public Works Response Team (TX-PWRT): One TEEX/TX-PWRT personnel managing ESF 3 Public Works and Engineering at the Remote SOC in Austin.

Texas A&M Forest Service (TAMFS) TAMFS received 35 new requests for wildfire suppression operations on March 27 & 28, and resources will be assigned to 11 active fires today, 5 of which are carry over fires. TAMFS requested aircraft through the National Wildfire Coordinating Group (NWCG) and received 5 aircraft out of Russel, NM to assist on the Crittenburg Complex fire in Coryell County.

Texas Parks and Wildlife Department (TPWD): TPWD has been tasked to provide two firefighting brush trucks. Game wardens have been requested to assist with evacuations in Medina County as a wildfire continues to burn in that area. The fire has been burning since last night and the winds today have made it much more challenging for fire fighters as the fire continues to build and spread toward a residential area.

Public Utility Commission of Texas (PUC): The PUC was activated to the Remote SOC on Thursday, March 17. The PUC is standing-by to assist.

Railroad Commission of Texas (RRC): The RRC will continue to work with natural gas service providers throughout this event. No new natural gas service interruptions have been reported to the RRC at this time. RRC will continue to support ESF 12 and work with PUC.

Texas Animal Health Commission (TAHC): TAHC Inspectors assigned to the region remain ready to assist, as requests for help are received. SOC Representative is monitoring situation, calls, WebEOC, and submitting situational reports. TAHC Regional staff maintaining situational awareness and contact with local jurisdictions for support of animal issues. TAHC Public Information Officer providing specified animal response and recovery information to public. [TAHC continues to work throughout the impacted areas and provided aid across a number of issues. TAHC continues to maintain situational awareness and will respond appropriately to any requests for assistance as they are received. TAHC personnel](#)

are particularly focused on the fires in the counties of Medina, Kenedy, and Coryell. As soon as it is safe, animal damage assessments will be made, and the number of deceased animals will be estimated. There are currently no livestock sheltered. One STAR was received over the weekend by ESF-11 AgriLife and all STARs have been filled. TAHC Inspectors assigned to region have returned to normal duties but continue to monitor local conditions and remain ready to respond when needed.

Texas Department of Agriculture (TDA): TDA concerns involving Hay Hotline and STAR Funds, this time for fuel costs for cleanup. TDA continues to staff the Remote SOC as needed as part of the ESF-11 Team. The Hay Hotline is on hold but ready as needed to take hay donation calls or requests. Working with TAHC and AgriLife on livestock needs. STAR Funds accepting donations and requests for financial assistance. Emergency Management Team and Field Staff on alert to assist when and where needed.

Texas Commission on Environmental Quality (TCEQ): TCEQ has staff available to assist local governments with any air/water/waste related issues including drinking water/wastewater issues and/or emergency response activities.

Texas Department of State Health Services (DSHS) – Emergency Medical Task Force (EMTF): DSHS EMTF is providing medical resource support to the Eastland Complex wildfires. Total resources include [2] Wildfire packages (WLF), [1] Additional WPU (EMTF's 2, 4 and 11). Resources are working in close coordination with TAMFS and TIFMAS. One WLF package is on standby from EMTF's 7, 8, 9 and 11.

Texas Department of Transportation (TxDOT): TxDOT crews supporting the Eastland Complex Fires are being demobilized. The fuel cubes in the Eastland TxDOT yard were used to fill TAMFS fuel trailer. TxDOT has filled local STARs to provide fuel support in Median, Kerr and Real Counties. TxDOT filled a local STAR for Traffic Control in Kerr Co. on the Sakewitz Fire. TxDOT / TAMFS are assessing the need for the 2 portable light towers at the Carbon VFD. TxDOT is staffing the Remote SOC

Texas Department of Public Safety (TXDPS): The TXDPS has ensured the readiness of statewide resources to appropriately respond to this fire outbreak and weather event. Texas Highway Patrol (THP) troopers and other DPS personnel are fully prepared to respond as conditions dictate. Affected THP Disaster District Chairs are communicating with applicable state and local officials as needed. DPS Troopers and other agency personnel are providing support to applicable affected areas as

requested. Region 6 THP San Antonio, deployed personnel to Medina County to provide roving patrol and assist with evacuations in Medina County.

Texas Military Department (TMD): TMD will support Texas A&M Forest Service in suppressing wildland fires in Texas. TMD has activated 1 Wildland Fire Brush Truck and 2 Medium Rotary Wing MRP to provide direct support to TFS with fire suppression capability in response to critical fire weather. TMD has activated 30 personnel with 1 vehicle and 4 aircraft in support of 22-0009 Wildfire Outbreak 17MAR. On March 28, the UH-60 Blackhawks flew 21.6 hours and dropped 127 buckets for 83,820 gallons. The two ships that flew to support the Medina Fire were not used at all.

Voluntary Organizations Active in Disasters (VOADs):

American Red Cross (ARC):

Coleman County: On Thursday, two Temporary Evacuation Points (TEP) were opened in coordination with OEM due to the evacuation of approximately 300 homes.

Eastland County: Current Eastland Complex wildfire support is based out of the Eastland Elementary School.

ARC served 288 meals in support of wildfire operations. ARC distributed 35 cleanup kits, 6 cases of water and 306 other DES items with 62 households served. ARC is supporting multiple shelters, distributed emergency supplies, shelf stable meals and supporting feeding partners. ARC is providing casework in Eastland for all affected by the wildfires. There were 52 volunteers/staff assigned in Eastland. Case work in Eastland began March 23. There were 200 meals and 62 households served.

Salvation Army:

- 924 meals, 1,294 snacks, and 1,760 drinks have been served for this response.
- Austin area command will be participating with the MARC in Round Rock. There is also an Austin team serving in Elgin area on Thursday.

Southern Baptist Texas Convention (SBTC): SBTC have a quick response unit in Jacksboro, at Live Oak Baptist Church. Shower unit is operational and recovery chainsaw team is arriving to begin work immediately.

FINAL COMMENTS: The State Operations Center (SOC) remains at Level II (Escalated Response Conditions) for COVID-19 pandemic response with additional staffing for Wildfire Outbreak response. The Texas Division of Emergency Management (TDEM) continues to monitor these situations and will provide additional situation reports as needed.

The four levels of SOC activation are:

Level I	(Emergency Conditions)
Level II	(Escalated Response Conditions)
Level III	(Increased Readiness Conditions)
Level IV	(Normal Conditions)
